Professional Summary

Recent Computer Applications (BCA) graduate with a strong foundation in data analytics, SQL/Python data modelling, and data visualization. Proven ability to clean, structure, and transform complex datasets into actionable business insights. Combines an analytical mindset with practical experience from top-tier corporate simulations (Tata Group, Quantum) and a background in full-stack software development to build efficient data pipelines and interactive dashboards.

Technical Skills

- **Data Analytics & Visualization:** Exploratory Data Analysis (EDA), Data Preparation, Technical KPI Definition, Data Storytelling & Strategy, Dashboard & Visual Design
- **Programming Languages:** Python, SQL (Relational Queries), JavaScript
- **Web & Full-Stack Development:** HTML, CSS, Software Application Architectures
- **Tools & Frameworks:** Power BI, GenAI-Powered Workflows

Key Academic Projects & Simulations

Data Analytics Corporate Simulations (Quantium & Tata Group via Forage)

Remote

- Completed retail analytics data workflows including data cleaning, analysis, and strategic output evaluation for commercial application.
- Built enterprise-level dashboard strategies, defining operational and technical KPIs to support data-driven executive leadership frameworks.

Mood-Enhancing Social Media Extension (Front-End Lead)

Academic Project

- Engineered front-end application architecture utilizing modern web tech stacks to create a responsive, UI/UX optimized interactive extension.

Data-Driven Career Navigation Platform

Co-Developer

- Co-developed a system tailored for undergraduate career planning, leveraging relational queries and clean application workflows to structure student paths.

Education

St. Anne's First Grade College

Bachelor of Computer Applications (BCA)

July 2023 – July 2026

Bengaluru, Karnataka

Little Flower House Senior Secondary School

12th Standard (Mathematics and Science)

April 2021 – March 2023

St. Albert High School

10th Standard (Mathematics and Computer Science)

April 2020 – March 2021

New Bongaigaon, Assam

Certifications

- Tata GenAI Powered Data Analytics Job Simulation (Forage)
- Quantum Data Analytics Job Simulation (Forage)
- Tata Data Visualisation: Empowering Business with Effective Insights Job Simulation (Forage)
- Foundations of Cybersecurity (Google/Coursera)

Interests & Additional Attributes

- **Portrait Art:** Actively practice fine-art portraiture. The high level of patience, extreme attention to detail, and creative problem-solving required to bring a canvas to life directly informs my professional approach to parsing chaotic data into structured visual narratives.
